Soft Skills:

As a part of life skill development it is necessary to prepare students regarding emotional well being, communications skills and relationship management. along with academic development. The SCMC attempted during this year to equip students with such types of life skills. When the work environment becomes more competitive and challenging these skills becomes an essential part of the training. These sessions were well received by the students with enthusiastic participation. Also the corporate skills assume a lot of importance for the students of communication management. The students were introduced to some basic corporate skills.
