THANK YOU FOR VISITING AND IMPARTING KNOWLEDGE

AT

SYMBIOSIS CENTRE FOR MEDIA AND COMMUNICATION

We would appreciate your feedback so we can learn from it.

• INTERACTION WITH STUDENTS:

Very interactive, strong opinions, good listeners, they gave people chances to complete thoughts, participative, encouraging each other to be confident.

• OVERALL EXPERIENCE:

Fun and active. There was only one child yawning in the class which made everyone want to wake up. The students were accepting of information and took time to think & respond.

• PROBLEMS FACED:

Some students were given extra attention by others and kept losing touch with focussing on their needs only & not on thinking for others on their behalf.

• ANY SUGGESTIONS:

The students need more exposure and need to engage in more relational conversation to get connected to the intuition.

Thank you, once again.
