7.1.1 Measures initiated by the Institution for the promotion of gender equity.

Report 2016-17

Why We Need Gender Sensitization On University Campuses? Is a question we ask ourselves when we focus on issues pertaining to gender sensitivity, The answer is that it is a basic requirement to understand the sensitive needs of a particular gender.

The need for this sensitivity has been felt and realised through times immemorial and in almost all kinds of human existence, across the globe. It helps us to examine our personal attitudes and beliefs and question the 'realities' that we thought we know Educational spaces instil thought and make one have a perception that they believe, this can be done on campus through various activities like debates, discussions, seminars, theatrical performances and other forms of arts.

SCMC has taken an initiative to understand the seriousness of this and tried to inculcate this in the curriculum to make an effort to Sensitise not just students, but also the staff members with Workshop focusing on the issue of gender sensitisation.

This Academic Year SCMC students have undergone a Guest Session by Nihar Hasabnis Specialising in dealing with cases focused on substance abuse, He sheds light on usage of Drugs in drinks and alcoholol risking women's safety and health.

SYMBIOSIS CENTRE FOR MEDIA & COMMUNICATION

Department of Symbiosis International (Deemed University)

(Established under Section 3 of the UGC Act 1956)

Re-Accredited by NAAC with 'A' grade | Awarded Category – I by UGC

Founder: Prof. Dr. S. B. Mujumdar, M.Sc., Ph.D. (Awarded Padma Bhushan and Padma Shri by President of India)

Session on De-Addiction and Women Safety(2016-17) -by Nihar Hasabnis

Substance use is a significant problem in the country and a matter of concern. Due to lack of large- scale surveys in the country, data has been extrapolated from the National Survey on Extent, Pattern and Trends of Drug Abuse and the National Family Health Survey. It has been estimated that there are about 1 crore people in India who are near daily alcohol users and would need treatment for alcohol abuse/dependence. Similar figures for cannabis are about 11 lacs and for opioids about 5 lacs. Clearly there is a huge treatment need in the country but a miniscule of them has received treatment and the existing services are not able to cater to this need. Mr.Hasabnis in his session on Drug De-addiction and Prevention provides insights on the existing Crisis that has been lead by drug consumption in youth, He sheds light on usage of Drugs in drinks and alcholol risking women's safety and health. The session was an effort to make aware of the situation that occurs pre and post drug consumption and how it can be handled by women in perilous scenarios.
